

update 2.1.2023

Release of T1- and TIR -cargoes from Steveco Oy Mussalo container terminal

Manuedi- and web T1 -notifications

Before pick-up of the cargo the customer delivers following documents to Steveco cargo release:

- release note from the line
- terminal advice with all required information including MRN- and web T1 – number
- a summary of the transit declaration received from the Customs after submitting the declaration or a summary from the forwarding software in use

After the customer has received the Delivery Confirmation (PIN code) from Steveco, the cargo can be picked up. After picking up the cargo, the driver must also present the Delivery Confirmation (in addition to other basic documents) to the Customs to get the T1 opened.

Please note, that the cargo details presented to the Customs are not allowed to differ from those cargo details which were presented to Steveco cargo release or from the cargo details in the Delivery Confirmation.

Authorized consignor's T1

Before pick-up of the cargo the customer delivers following documents to Steveco cargo release:

- release note from the line
- terminal advice with all required information
- T1 document

After the customer has received the Delivery Confirmation (PIN code) from Steveco, the cargo can be picked up. After picking up the cargo, the driver can exit the terminal without visiting the Customs.

TIR Carnet

Before pick-up of the cargo the customer delivers following documents to Steveco cargo release:

- release note from the line
- terminal advice with all required information
- copy of TIR Carnet page 1 (voucher No 1)

After the customer has received the Delivery Confirmation (PIN code) from Steveco, the cargo can be picked up. After picking up the cargo, the driver must also present the Delivery Confirmation (in addition to other basic documents) to the Customs to get the TIR Carnet opened.

Please note, that the cargo details presented to the Customs are not allowed to differ from those cargo details which were presented to Steveco cargo release or from the cargo details in the Delivery Confirmation. The customer is responsible for the accuracy of the declarations.
